NEW DEMOCRAT

Strathcona Centre

VOTE | STRYNADKA, H. J. | X

Now It Is Time . . . For Reckoning!

. ON MONDAY, JUNE 17th, IT
WILL BE TIME FOR DECISION!

◆ Will our Legislative Assembly emerge democratic, representative, responsive and responsible, or remain with arbitrary rule by Boards and Orders-in-Council?

◆ Will our natural resources, and in particular, the Athabasca Tar Sands, be developed by a Crown Corporation in the interest of Alberta and Canada, or will it be sold to foreign companies for a "quick dollar"?

◆ Will Alberta economy provide new jobs for our youth, or will it continue in high unemployment and emigration of professional and technically trained people to U.S.A.?

◆ Will medical care be available to all, or will it be available only to those who are able to pay for it?

◆ Will the Provincial Government assume at least 50% of education costs with the remainder to come from general taxation based on ability to pay, or will the homeowners continue to bear a heavy and unfair share of property tax?

◆ Will the Provincial Government be the guardian of low radiation level in Alberta, or will it succumb to Shell Oil Company of Canada for permission to use nuclear explosions in the extraction of oil from Athabasca Tar Sands?

◆ Will the Provincial Government be guided by moral considerations on questions of peace, or will it act irrationally, for example, urging Canada to accept nuclear arms?

I PLEDGE MY SUPPORT —

To restore Democracy in Alberta.

To end the giveaway of Alberta's Wealth.

To encourage the development of Co-operatives — Gasoline, sugar refineries, etc.

And stand for a comprehensive Medicare program — without a means test.

Respectfully,

Harry J. Strynadka
